

TRI-CLAMP 13MHP

13MHP SERIES

This clamp has a double bolt configuration, and is available in 304 stainless steel material with brass nuts as standard, for heavy duty.

All clamps are designed to meet ferrule standards such as: DIN32676, ISO2852, ISO1127, BS4825 and ASME BPE-2014. To comply with international standards in terms of material conformity we issue 3.1B certification with test results.
